

# weekly digest

## benefits

### Open Enrollment Begins TODAY!

Until **November 26th**, you have the opportunity to review, update, and enroll in new coverage for yourself and your dependents for 2026.

Check your email for more details. Ask your manager for more information if you have any questions or concerns.

## employee engagement

### Healthcare Foodservice Workers Week

Our celebration week is getting closer and we couldn't be more thrilled to highlight all the wonderful ways our dining teams positively contribute to our communities.

**Dining Managers** - packages have begun to ship and tracking will be provided this week. Click below to view our info page for all details.

Contact [employeeeng@hscgcorp.com](mailto:employeeeng@hscgcorp.com) if you have any questions.

## information technology

### WalTer Time Clock Update

Beginning September 30, WalTer time clock devices will upgrade and use this new URL moving forward:  
<https://walter.epaysystems.com/>

**Please confirm with your Facility Administrator or Facility IT adds this new URL to the facility security**

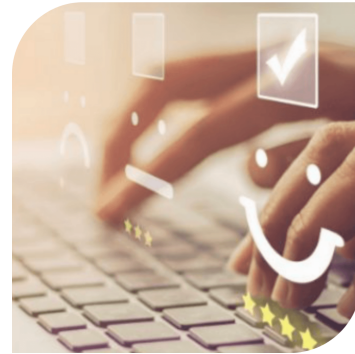

## operations

---

### ICYMI – QAE Tool Updates

**Managers** – Our IT and QAE teams have been working hard to enhance your QAE experience and ensure we maintain a quality platform. Please review the most recent and future updates to QAE and other quality reports.

#### **\*\*Top Updates\*\***

- Enhancements to the Summary Report and clarification of POC status – (ie: completed/in progress, POC counts)
- Expanded list of operations and clinical leadership that will receive communication triggered from poor administrator survey outcomes
- Facility Visit Recap count is clarified and reporting enhanced
