NEW iCIMS Updates

Updates to the iCIMS dashboard and job creation page will be published on December 5th. This update will have a minimal impact on current job creation workflow.

What's New:

- New fields will be added to accommodate Wage Transparency regulations, which vary by state.
- A new dashboard layout will take effect, emphasizing fewer clicks to find relevant job and candidate information.

Training will be offered by your Divisional Staffing Coordinator in the coming weeks.
